Working with Lazarus Alliance

We are very flexible with how we work with clients and partners alike. The most common are as a ...

1 MSP Partner Provider

Many MSPs, MSSPs and similar service provider out there offer client readiness services, hosting and a myriad of professional services to their customers. Lazarus Alliance makes the perfect partner to complete the client's mission in achieving certifications, authorizations, accreditations and attestations we provide. Everyone loves a Turn-Key solution!

2 Sub-Contract Partner Provider

We have very specialized skills and a formidable service offering rivalled by few. In many cases, a service provider has clients with specialized needs that cannot be fulfilled in-house. Turn to us to help complete the mission! We will represent your brand well and attend to your clients as if they were our own!

3 Prime Partner Provider

We are accustomed to providing front line services covering the extensive service offerings in our portfolio. We are always up for the challenge answering the RFI, RFP, or other specialized service requirement your agency, organization or company anywhere in the world has. Our Veteran-Owned Small Business (VOSB) and GSA Multiple Award Schedule (MAS) MAS contract 47QRAA22D009A is an added bonus.

Why 97% of Our Competitors Can't Compete With Us

You have clients that require certifications, attestations, authorizations and accreditations but you lack these capabilities. Partner with us to deliver them!

Time Investment

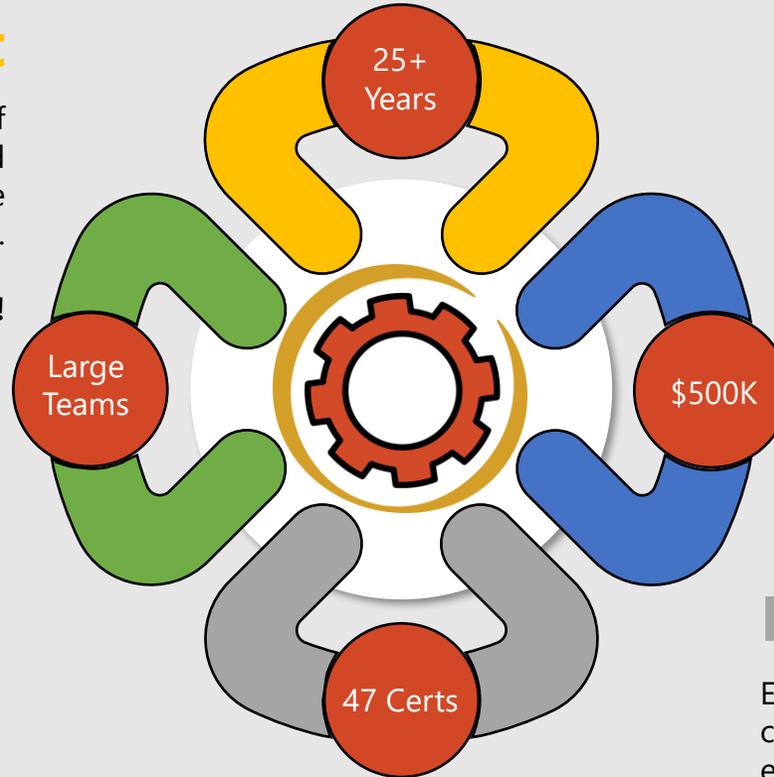

Achieving our formidable level of accreditations, authorizations and certifications has taken years of diligence to accomplish.

We are diligent, persistent and patient!

Human Capital

Each service accreditation, authorization or certification requires employees to acquire and annually maintain their own certifications, accreditations and training to support our services.

Our team members are well credentialed!

Financial Investment

Each service accreditation, authorization or certification requires an initial investment to achieve. These fees can range up to hundreds of thousands of dollars just to get established.

It is a significant barrier to competitors and a serious investment by us.

Maintenance

Each service accreditation, authorization or certification requires annual maintenance testing, education, fees and ongoing reporting diligence to maintain these valuable accomplishments.

We preserve and protect our formidable capabilities.

Typical Lazarus Alliance certification or attestation life-cycle

We are certified, accredited, and authorized; Lazarus Alliance is Proactive Cyber Security®.

- 1 Stage 1 Gap:** This phase is used to determine an organization's readiness for the Stage 2 audit phase. Governance, Technology, Logistics and Human Resources undergo a gap assessment.
- 2 Readiness Option:** If it is determined that the organization is not yet ready for the Stage 2 audit, a gap report will be issued and remediation coordination will be optionally supported.
- 3 Stage 2:** Once an organization is ready for the Stage 2 audit, a full examination will get underway.
- 4 5 6 7** A full examination of the organization's Governance, Technology, Processing Facilities and Human Resource control implementations will proceed until an attestation or certification determination is reached.
- 8 Annual Monitoring:** Following a successful certification or attestation audit, the annual audit renewal cycle begins.
